

**Are you in a band? Are you a musician?  
Would you like to perform at WSE's Livingston Farmers Market?**

**What You Need to Know**

- If you haven't played the market before, we need to hear your music first. Please submit a demo to our Farmers Market Manager. You can mail it to the address below or email an introduction and a link to the email below.
- Keep in mind a farmers market draws people of all ages, so keep your songs and comments family-friendly and P.C.
- You need to provide your own PA system and mic since the band shell doesn't have one.
- You're responsible for setting up and tearing down your own equipment.
- The official market hours are 4:30 to 7:30 p.m., and our musical artists usually start playing around 5:00. We're there for vendor registration from 2:00 to 4:30 p.m., so you can start setting up any time after 2:00.
- WSE pays \$100 plus tips and whatever you make selling your own merchandise.
- Parking: We close the road that runs along the park around 3:30. If you get there after that, you can still access the Civic Center parking lot by taking 2<sup>nd</sup> St. or Main St. to River Dr. and turning right. The Civic Center will be on the left. Go to the back of the parking lot and turn right on the dirt road that leads to the band shell. Go around the rocks at the end and park on the grass right next to the band shell. You can leave your car there during your performance, and that will make it easy to load in and out.

We look forward to hearing your music.
